```
        Bm              G                          A
Verse 1     For every flame of love grown dim
        Bm              G                      A
            And every passion that has died
        Bm              G                      A
            For every prayer of faith that ceased
        Bm              G                A
            Ignite us once again inside
        F#m             G   F#m                G
            For every vision and godly ambition
            Am          G                D
            Holy Spirit breathe new life

                Bm        A
Chorus      Send revi   -   val
                G         D/F#
            Send revi   -   val
                Em                      Asus
            Send revival, Sovereign Lord
                    G       A
            How we need You,
                  Bm            A
            Spirit, plead with You
                   Cmaj7
            Come revive our hearts once more

Verse 2     For every eye that needs to see
            For every heart that now must know
            For every city, land and place
            To which the gospel now must go
            And for your mission in this generation
            Holy Spirit breathe new life

                A         D/A        A
Bridge      Come restore our first love
                 A        G   D
            Come renew our hearts
                  A     D/A       A
            In your time as you choose
            F#m7            G                  C  G/B  Asus
            We pray for revival
